

All In One Energy Storage System 51.2V 120Ah/240Ah LiFePO4 Gt 6200 Cycles

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: XWELL
- Certification: UN38.3, MSDS, UL, CB, BIS, PSE, GB4943.1 safety standard, CE, FCC, ROHS, battery UN38.3, MSDS, UL, CB, BIS, PSE
- Model Number: XW-3200W
- Minimum Order Quantity: 1 pcs
- Packaging Details: Carton
- Delivery Time: 7-10 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 pcs per month

Product Specification

- Voltage: 48V
- Ostensible Capacity: 100Ah 、 200Ah
- Apparent Energy: 5.0 Kwh、 10.0kwh
- Cell Kind: LiFePO4 Battery
- Life Time: 6000 Cycles
- Utmost Charge Current: 50A
- Max Discharge Current: 100A
- Inverter Rated Power: 3.2kw
- Peak Power: 5kw
- Highlight: **All In One Energy Storage System,
LiFePO4 All In One Inverter Battery,
240Ah All In One Inverter Battery**

Product Description

All In One Energy Storage System Specification 51.2V100Ah/200Ah LiFePO4 Gt 6000 Cycles

Product description

The All In One Energy Storage System Specification 51.2V100Ah/200Ah LiFePO4 is a remarkable power solution. With a high voltage of 51.2V and capacities of 100Ah and 200Ah, it offers ample energy storage. Built with LiFePO4 technology, it is known for its safety and long lifespan, boasting over 6000 charge-discharge cycles. This system is ideal for various applications, from home energy storage to off-grid setups. It provides reliable power backup and can be integrated with renewable energy sources. With its all-in-one design, it simplifies installation and operation, making it a convenient and efficient choice for those seeking a sustainable energy solution.

All In One Energy Storage System Advantages

1. Integrated LED indicator, display the SOC and operating status
2. Balance between cells, balance between racks
3. LCD display the battery system information(customized)
4. Easily for installation and capacity expansion
5. 10 years design life, Stable performance, maintenance-free

All in One Energy Storage System Specification

Battery Parameters		
Model	51.2V100Ah	51.2V200Ah
Nominal voltage	51.2V	
Nominal capacity (kwh)	5KWh	10KWh
Cell type	LiFePO4	
Cycle life	>6000 Cycles(80%DOD)	
Charge temperature range	0~65°C	
Discharge temperature range	-20~65°C	
Maximum continuous charge current	50A	
Maximum continuous discharge current	100A	
Color	Black /White	
Dimension (mm)	710x300x600	710x300x800
Weight	81Kg	110Kg
Installation method	Floor type with wheels	
Inverter Parameters		
Rated power	3.2KW	
Peak power	5KW	
Output wave form	Pure sine wave	
Input/Output AC voltage	AC 110V/220V	
Input/Output AC voltage frequency	50Hz/60Hz	

All in One Energy Storage System Connection Diagram

Our service

1. OEM&ODM Service
2. Custom print logo
3. Free battery solution
4. Free Shipping cost to China address
5. Support sample order for test

Company Information

Xwell is a leading lithium battery manufacturer in China, which is committed to provide customers with safe and durable battery products for EV power battery, portable energy storage, household energy storage, micro power grid, telecom station power supply, UPS, solar street lights, harvesters, AGV, forklift, electric tricycles, electric wheelchairs, etc. Elite professional experienced technicians and advanced equipments provide customers with high-quality batteries and professional customized battery solutions. Elite has passed ISO 9001 ISO 14001 certification, Elite products have been certified with CE, UN38.3, MSDS, etc.
